Supplier security questionnaire

Fictional supplier - portfolio demonstration only

BUYER-01 | Security contact

Our security lead is Mina. Contact mina@fictional-pdf.example for security questions.

BUYER-02 | Incident response

We follow an incident response process, but the process is not documented.

BUYER-03 | User access reviews

We review access for every user every three months.

BUYER-04 | Administrator authentication

All administrator accounts require a password and an authenticator code.

BUYER-05 | Backup restore testing

We create backups daily, but the frequency of restore tests is not specified.
